Principal's Message

Dear Students,

I take this privilege to welcome you all to another academic session in this premier institution of higher learning. This institution has been an edifice of knowledge for 76 years by reaching out to all sections of the society. The mission of the college is not only to pursue academic excellence but also to motivate and empower our students to be lifelong learners, critical thinkers and productive members of the society.

Today, we are living in a fast changing complex society, which presents before us challenges as well as opportunities. In this contest it all depends on every individual, how one responds to the situation with the right mind set. Education is to provide means to enable a person to transcend the limitations of human perception and to understand the organic growth of the world to place oneself fit to perform one's role efficiently in the larger order of existence. It is a process to cause transformation to the finest of our thoughts, words and deeds. It is to create cultured developed and compassionate human minds with efficient working skills.

Higher education makes you more aware of what you are actually capable of and enables you to improve your own life as well as contribute to the world as a whole. You tend to stand a bit taller and straighter. In other words you become more confident in yourself and better equipped to deal with life's challenges. You should however learn to be positive. Always remember that you are the maker of your own personality. You can yourself write your success story, if you allow yourself to be successful. For that you need to change your attitude towards things by plugging into the power of positive thoughts. Your self belief empowers you to think of a reasonable probability as regards the attainment of your cherished goal.

I wish you all the luck in this new journey of scholastic acquisition.

Choice Based Credit System (CBCS) Regulations

In the year 2013 Choice Based Credit System was introduced for undergraduate students in Arts, Science and Commerce. Choice Based Credit System was introduced in 2016 in accordance with UGC guidelines. The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective and skill based courses.

The courses follow grading system, which is considered to be better than the conventional marking system, because, it is necessary to introduce uniform grading system in various institutions throughout India. This will benefit the students to move across institutions with in India and across countries. The uniform grading system will also enable potential employers to assess performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

1. Core Course /Discipline Specific Course (DSC): A Course, which should compulsorily be studied by a candidate as a core requirement, and hence termed as core course. Core course is also referred as Discipline Specific Course (DSC). The course, designed under this category, aims to cover the basics that a student is expected to learn in that particular discipline.

2. Elective Course: Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/ subject/ domain or nurtures the proficiency/skill is called an Elective Course.

(i) Discipline Specific Elective (DSE) Course: Elective courses offered under the main discipline/subject of study are referred to as Discipline Specific Elective

Course: - The University / Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

(ii) Dissertation / Project Work: An elective course of 6 credits, designed to acquire special /advanced knowledge, such as supplement study/ support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called Dissertation/Project work. A Project/ Dissertation work may be given in lieu of a discipline specific elective paper.

(iii) Generic Elective (GE) Course: An elective course chosen generally from an unrelated discipline /subject, with an intention to seek exposure to other subjects/disciplines is called a Generic Elective Course.

Note: A core course offered in a discipline/subject may be treated as an elective by other discipline/ subject and vice versa and such electives may also be referred to as Generic Elective.

3. Ability Enhancement Courses: The Ability Enhancement Courses are of two kinds: Ability Enhancement Compulsory Course (AECC) and Skill Enhancement Course (SEC).

(i) Ability Enhancement Compulsory Course (AECC): These are the courses based upon the content that leads to knowledge enhancement. AECC to be studied are

- a) Environmental Science and
- b) English/Hindi/Sanskrit. These are mandatory for all disciplines.

(ii) Skill Enhancement Courses (SEC): These courses may be chosen from a pool of courses designed to provide value-based and / or skill-based knowledge and are aimed at providing hands-on-training, competencies, skills etc. to increase the employ ability of students.

Duration (Time Frame):

The Under-Graduate programme is for a minimum period of three years and a maximum of five years, from the date of admission of the candidate.

Credits:

The term "Credit" refers to the weightage given to a course, usually in terms of the number of instructional hours per week assigned to it. This explains why usually 'credit' is taken to mean 'credit hours'. The credits also determine the volume of course contents and delivery of programme through lectures, tutorials, practicals, assignments etc. For the purpose of credit determination, instruction is divided into three components:-

Lectures (L) – Class room lectures of one hour duration.

Tutorials (T) – Special, elaborate instructions on specific topics (from lectures) of one hour duration.

Practicals (P) – Laboratory or field exercises in which the students have to do experiments or other practical work of two hours duration.

Total minimum credits required for an undergraduate degree programme is one hundred thirty two (132)

Evaluation / Assessment: All courses involve an evaluation system of students that has two components:

- A) Continuous Comprehensive Assessment (CCA).
- B) Term End Examination (TEE).

A) Continuous Comprehensive Assessment

(CCA): Continuous Comprehensive Assessment accounts for 30% of the final grade that a student gets in a course of study.

This would have the following components:

- (I) **Class room attendance:** Each student will have to attend a minimum of 75% Lectures / Tutorials / Practical. A student having less than 75% attendance will not be allowed to appear in the Term End Examination (TEE).
 - a) Those having attendance between 74% and 65% will apply for exemption in a prescribed form accompanied by clear reason(s) for absence, to the authorized functionaries.
 - b) Those having attendance between 64% and 50% will apply for exemption in a prescribed form accompanied with a Medical Certificate from a Govt. Hospital. Exemption from 75% attendance will be given to those students who have participated in prescribed co-curricular activities (e.g. NCC, NSS, Eco-Club, Rovers and Rangers, Youth Festivals, Sports, etc.) Exemption to the extent of 25% will be given to such students (making the necessary attendance as 50% in these cases).

Further those students getting the exemption, except for those getting exemption for co-curricular activities, will not be titled for the CCA marks for class room attendance.

Classroom Attendance Incentive: The students having greater than 75% attendance and who also participated in co-curricular activities, 25% will be added to the attendance.

All students will get weightage for attendance as enlisted below:

=75% but <80%	1 mark
=80% but <85%	2 marks
=85% but <90%	3 marks
=90% but <95%	4 marks
=95% & above	5 marks

House Test:

The house test accounts for 15 marks of the CCA that make 30% of the final grade. The house test will be conducted in the month of December.

Term End Examination (TEE):

- i) For courses without practicals, the remaining 70% of the final grade of the student in a course will be on the basis of a TEE that will be of three hours duration and will cover the whole syllabus of the course.
- ii) For courses with practicals, the TEE (70% of the final grade of each course) will consist of Term End Practical Examination (20% of the final grade) and Term End Theory Examination (50% of the final grade). Both will be of three hours duration each.
- iii) For the odd semester the TEE will be in the month of December, and for the even semester and the students appearing under Annual system of examination TEE will be in the month of April.
- iv) A candidate who does not pass the examination (TEE) in any course(s) or due to some reason is not able to appear in the TEE (other conditions being fulfilled) shall be considered as fail. Such a failed candidate shall be permitted to appear in the subsequent TEE to be held in December or April as the case may be.
- v) The registration for the TEE will be done at the time of enrollment for the course at the beginning of the academic session. The fee for the TEE will also collected at that time as decided by the university.

- vi) Student who is not permitted to appear in the TEE due to shortage of attendance beyond the exemption limit (< 50% attendance) shall be deemed to have dropped the course. However, such a candidate on his/her written request (made immediately), can be allowed to redo the missed course after completing the rest of the programme or whenever the course is offered subsequently. This redoing would mean complete course including CCA and TEE.

Grading:

Credit Weighed Marking System: Performance of a student is evaluated in terms of credits earned in Credit Weighed Marking System. Earned credits are defined as the sum of course credits in which grade points above a certain cut-off have been obtained for declaring the learner "Pass" in that course.

In this way two performance indices emerge:

- a) **Grade Point Average (GPA)**
- b) **Cumulative Grade Point Average (CGPA)**

Grievances and Redressal Mechanism (Evaluation):

The student will have the right to make an appeal against any component of evaluation. Such appeal has to be made to the Grievance Redressal Committee (GRC), chaired by the RUSA Co-coordinator. The Committee will consider the case and may give a personal hearing to the appellant before deciding the case. The decision of the Committee will be final. The result would be declared by the COE of the Himachal Pradesh University & Sardar Patel University and the degree or certificate or diploma, as the case may be conferred.

CO-CURRICULAR & EXTRA-CURRICULAR ACTIVITIES

Importance of Co-curricular activities is immense. It opens comprehensive growth of human beings at multiple domains of mind and personality. Intellectual development, emotional development, social development, moral development and aesthetic development are its basic outcomes since ages. Creativity, enthusiasm, positive thinking are instant results of co-curricular activities. Curricular activities impart only bookish knowledge to the students; whereas co-curricular activities provide space for extension of human potential and capacity at its best possible way. These co-curricular activities along with curricular widen the growth of students at three levels (body, mind and soul). Therefore various clubs and societies have been constituted under the guidance of able and veteran teachers.

National Cadet Corps

The College has National Cadet Corps (Army Wing & Air Wing) and the recruitment is done by/through selection.

CAREER GUIDANCE, COUNSELLING AND PLACEMENT CELL

Now a days Guidance, Counselling and Placement Activities have become an integral part of educational institutions and play a very important role in the functioning of colleges and universities. There are a number of factors that influence the career development of students like their interests, abilities, values, personalities, back grounds and circumstances. Career counselling is a process that helps the students to know themselves and the world of work so that they can make better decisions/choices regarding their education, career and life. Placement opportunities are being provided to the students through campus interviews. In our college a Career Guidance Counselling and Placement Cell is actively involved in such activities in a away so that

they take right decisions regarding their career and life. This cell also helps the students to develop their communication skills and develop their personality. In future, the college aims at further strengthening the activities of the Career Guidance Counselling and Placement Cell in the larger interest of the students by organizing frequent interactive sessions with business establishments so that more and more students get opportunities for gainful employment.

COMMUNITY PARTICIPATION

1. PARENTS TEACHERS' ASSOCIATION (PTA)

Parents Teachers' Association (PTA) is a formal organization under HP Education Department between parents and teachers. It aims at the collective efforts of parents and teachers in the development of the College.

Its main objectives are as follows:

- To revive the relationship between the parents and teachers.
- To create a healthy educational environment in the college.
- To arrange/ organize seminars discussions with the elder and veteran personalities of the society and incorporate their suggestions for the improvement of the educational standards in the college.
- To suggest ways so that students enrollment and education is promoted.
- To make a collective effort to refine the conduct of the students and also to restrict the entry of anti-social elements in college campus.
- To inform the parents/guardians about the performance of their wards from time to time and to make arrangement for the parents to meet the concerned staff once in a quarter.
- To arrange teachers and other resources when there is shortage of staff and resources in the institution as a temporary measure.
- To make the parents aware of various schemes of the govt. in the area of education and also to give information about various activities and programmes of the Department of Education.

2. OLD STUDENTS' ASSOCIATION

The college is proud of its Old Student's Association which is now the fountain head of its strength. O.S.A. was formed with the objective to exchange ideas, which besides being mutually beneficial will generally help in achieving excellence. It builds a sense of belongingness among the old students and brings

together all talents to arrange cultural, literary, sports and other events. It helps in rendering possible voluntary services to the society. In this college O.S.A. has constructed a well-furnished girls' common-room under V.M.J.S. scheme.

Annual General House of PTA

The annual general house of the PTA is held every year in the College Conference Hall to transact following agenda:

- ◆ Election of the office bearers and members of the executive
- ◆ Any other matter related to students' welfare with the permission of the chair

Parents/guardians may please note that no separate communication regarding the meeting will be sent. It is the duty of the students to remind their parents/guardians and motivate them to attend the same.
